UPS® International Air Import Fuel Surcharge

UPS uses an index-based surcharge that is adjusted weekly. Changes to the surcharge will be effective on Monday of each week. The surcharge will be based on the U.S. Gulf Coast (USGC) price for kerosene-type jet fuel as most recently released by the U.S. Energy Information Administration (EIA) rounded to the nearest cent. For example, the surcharge for the week of April 17, 2023 is based on the average U.S. Gulf Coast (USGC) price for kerosene-type jet fuel price released by the EIA for the week of April 10, 2023.
